

Pipits Weekly Update!

25.1.2019

- This week we have been learning how to say 'hello' in Portuguese. We have been able to choose to say hello at Together Time either saying 'hello' or 'Olá'. We have also had a go at counting to 10 in Portuguese.
- In group times we have been looking at flags. We have been talking about flags on the beach to keep us safe and pirate flags. We then designed our own; which you can see in the conservatory!
- This week we have been interested in boats and the sea. We built a life boat with the big blocks, sailed some ships by blowing them. We talked about how boats can sink so we experimented in the water with floating and sinking objects.

At Home

- We are still looking at stories that involve boats. If you have a picture of your child on a boat or by the sea please send it in so we can talk about it (please ensure child is clothed in pictures on the beach- swimsuit is fine)
