In 1666 London was
 heaving with people. The
 roads were very messy.
 And the houses were made
 of ~~wood~~ ^{plaster} and there was
 chabe bucetis and people
 just threw the waste
 out the window and
 there were animal waste
 and human waste too.
 And then people were
~~was~~ and animal waste
 to. Then the roads were

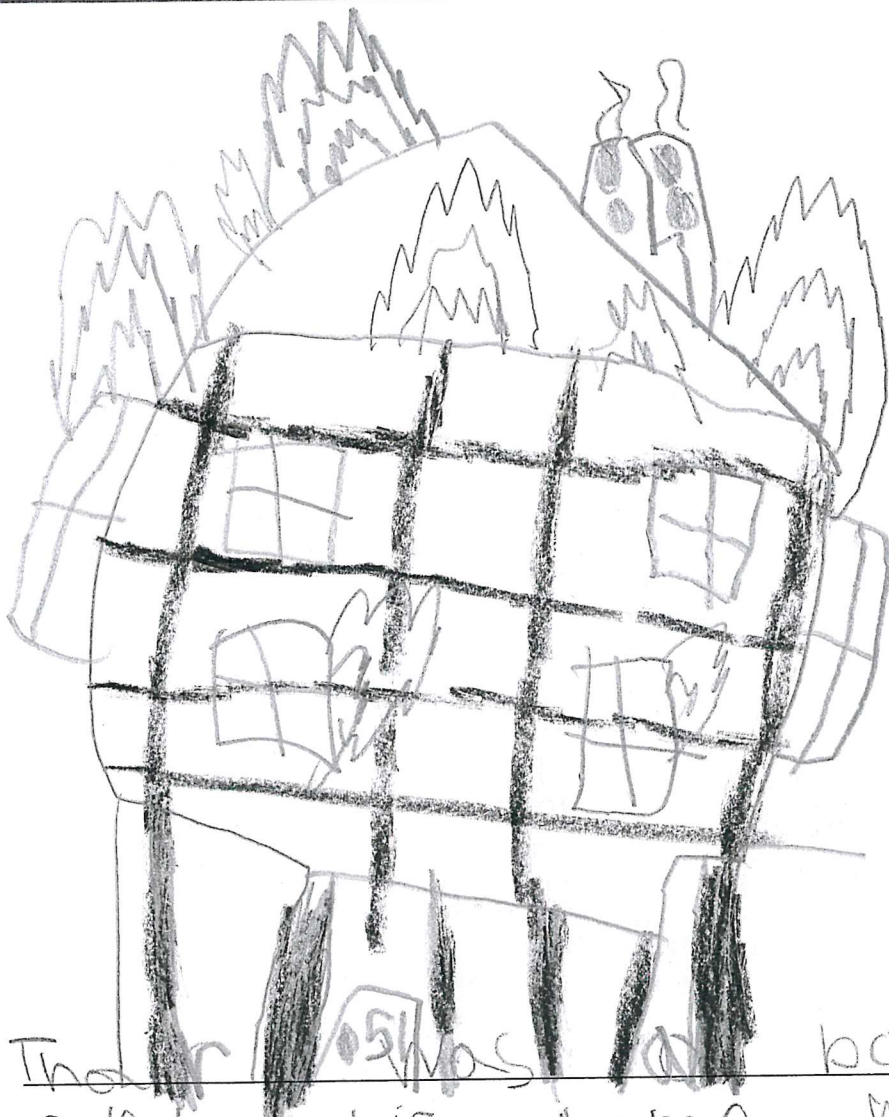

sunday 2nd september 1600
The fire started living
mor. because the were made
of wood it was very
dange and the one
disigh was to leave but
they were beca^{because} the
hot muton people die
but still their home
was not safe and
it just still got bigger
but the people didn't
no war to go and didn't

Monday 3rd September
 people will be here for
 their fires not
 hand. And it's hot do.
 Bell the fire was
 for cep getting bigger.

That was his backer
 and his name was
 Tomes Farmer and
 he went to bed
 thinking that he
 had the fire out
 but no didn't. He woke
 up his family and
 immediately opened a
 window and climbed
 on a ladder
 and woke
 the city. Because
 fire was
 useful.

Loss day 4th September
The great fire of London
The fire was so big but the
water was not enough
And people dig holes
and then they put
their things in the
holes. Then people were
sleeping because of
the toxic smoke.
And then the great
fire of London
happened.

wednesday 8th September
 The only way was to pull
 down the houses with
 fier hooks to make
 a fier brake. A spark
 flew and on the
 roof and the roof
 on St Pauls caught fire
 not a spark on his
 roof and the
 same happened
 to Tomes Garima
 which is not good.
 And then demolish

London was unreconisibul
arfter the fier. And the hole
the ~~streets~~ ^{streets} were rooins. & churchis
get burnt down with
ash and rooins with is not
good its reeler hard sooper
sooper bad.
