Fire was essenshial ~~At that time~~ at that time. Thomas Farriner was a baker in pwling lane. He ~~th~~ want to bed and he put out the fire but a burning ember cout wood and it is spreding to burn. His darter went to bed a horwer after he did she was litting a candle light.

Sunday 2nd September

By the ale hours of the evning the fire was spreading. It was spreading from house to hayse and it was going quckly. Because the houses were dry and close together. And it got bigger and bigger and wors and hot flames it burnd a lot of houses.

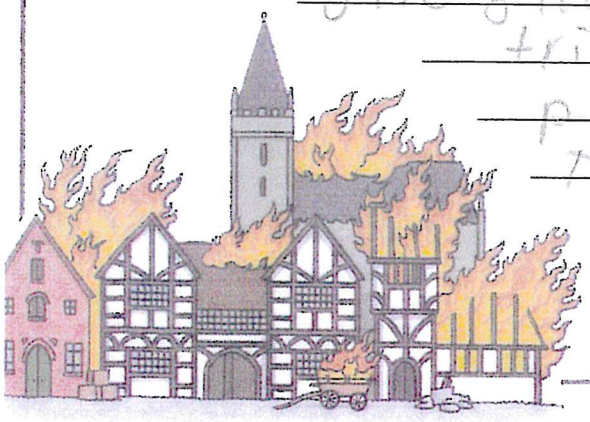

The fire was
haping from house
to house. The fire
was spreding rily
fast.

Monday 3rd setember the fire fiters were shooting screts of water to put out the fire. The fire fire fiters were tring to save peple and anamalls. The fire fiters were tring to save peaples homes. The fire fiters were tring to stop the fire from spreding.

Tuesday 4rth
September The
fire was spreading
so fast that
people were
dieing. The burning
hot flames were
spreding allover
london. The people
were running
for there lives.
the fire burnd
down a 100 houses

a hour. the strong
a wind was
making the fire
buring and biling
people. sparks were
burning stuff and
people. Rocks were
lying to ez rape an
boats and walking
people were getting
burnt and hurt.
The fire was hot
and hot sparks and
hot flames. It made a

thee hot sparks
were burning
houses down.
The king
demandid
some houses
chood be
Poold down
with fire hooks.

A city in
~~Thursday 6th September~~ runs
Streets were ash
and d.st. London
was gon ~~and~~
~~last~~ and. hunt.
London was ash
and embers.
London was
unrecognisable
after the
fire. Hundreds
of Poele lots there

and brick. because the fire was over all the peole came back. Ettys were abanded from London. the streets were wighd and the houses were way stronger. Lando was rebuild.
