The Secretary of State for Education lays down the following terms and conditions on which assistance is given in relation to the pupil premium grant (PPG) payable to schools and local authorities for the financial year beginning 1 April 2020.

PPG provides funding for two separate policies:

- raising the attainment of disadvantaged pupils of all abilities to reach their potential
- supporting children and young people with parents in the regular armed forces

The grant may be spent in the following ways:

- for the purposes of the school; that is, for the educational benefit of pupils registered at that school
- for the benefit of pupils registered at other maintained schools or academies
- on community facilities; for example, services whose provision furthers any charitable purpose for the benefit of pupils at the school or their families, or people who live or work in the locality in which the school is situated
