

# Reception Weekly Update

Monday 4<sup>th</sup> November – Friday 8<sup>th</sup> November

In Phonics we have been:

- Practising all of our learning so far. We have been playing Phonic games to practice sound-talking and blending words with our phonemes 's', 'a', 't', 'p', 'i', 'n', 'm', 'd'.

In Guided Reading we have been:

- Choughs: Sharing the story of the 'Leaf Man'. We have been on a leaf hunt to gather natural objects and leaves to make our own leaf men and animals.
- Puffins: We have been practising reading and writing our names and word-building on magnetic letter trays.

In Maths we have been:

- Playing ordering, counting and matching number games with our Maths resources.

We have really enjoyed learning about and celebrating Diwali and Bonfire night this week. We have talked about fire/firework safety and have been creating firework pictures, lanterns and Rangoli patterns.

Please sign up for our postponed parent Phonic workshops. Sign-up sheets are in classrooms. These workshops are so important in supporting your child in reading at home so please attend if you can!

Please continue to record any reading you do at home with your child in their yellow reading record books and ensure these are back in book bags for Guided Reading at school each week. Thank you!
