

The
great fire
of
London

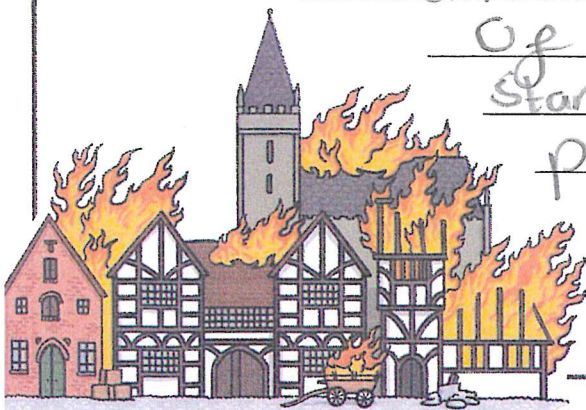

In 1666 London was very
messy and filthy. The streets
were very smelly. The people
did not have a lot of
money and it was very
poor. It was over
overcrowded. The houses
were wooden. ~~For~~ There were
poor and wee on the
floor. The houses were
so close together and the
people in the house can touch
the other house next door.

The fire in Budding Lane
Started at the backre. The
fire was essential be Cause
he needed to cook. When he
Went to bed the ashes
Were started to go out.
It was spreling across the
backre and going out
Of the backre and
starting to go across
pudding lane.

Sunday 2nd September

In the early hours the
fire started to rage. It
was fuelled with energy. The
fire was spreading across the
houses and it got big.
The houses were all burnt
down.

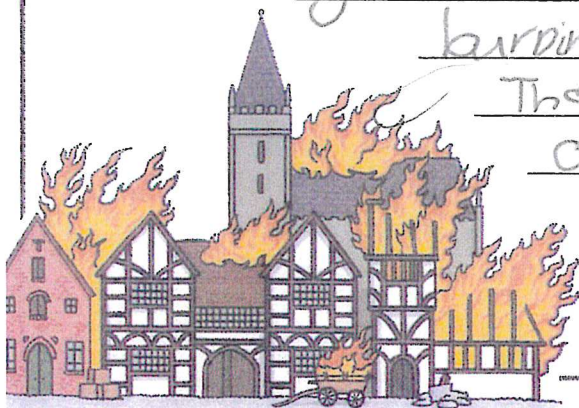

Monday 3rd September

The brave fire fighters were trying to put out the fire.

The brave fire fighters were searching the houses to set the fire out.

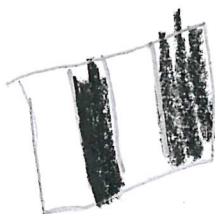

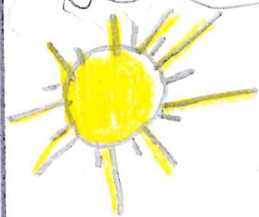

The fire fighters were so brave that they had to go into the fire was burning all the houses.

They had to shake out water to try to set the fire out.

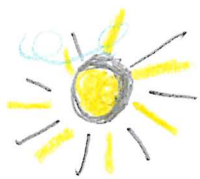

Tuesday 4th September
The London fire spread
all around London City. The
fire men were trying to
save some people from the
London fire it started
at the bakery and all the
people who were in the
bakery were so scared
when the fire started
it started to spread
all across London City.

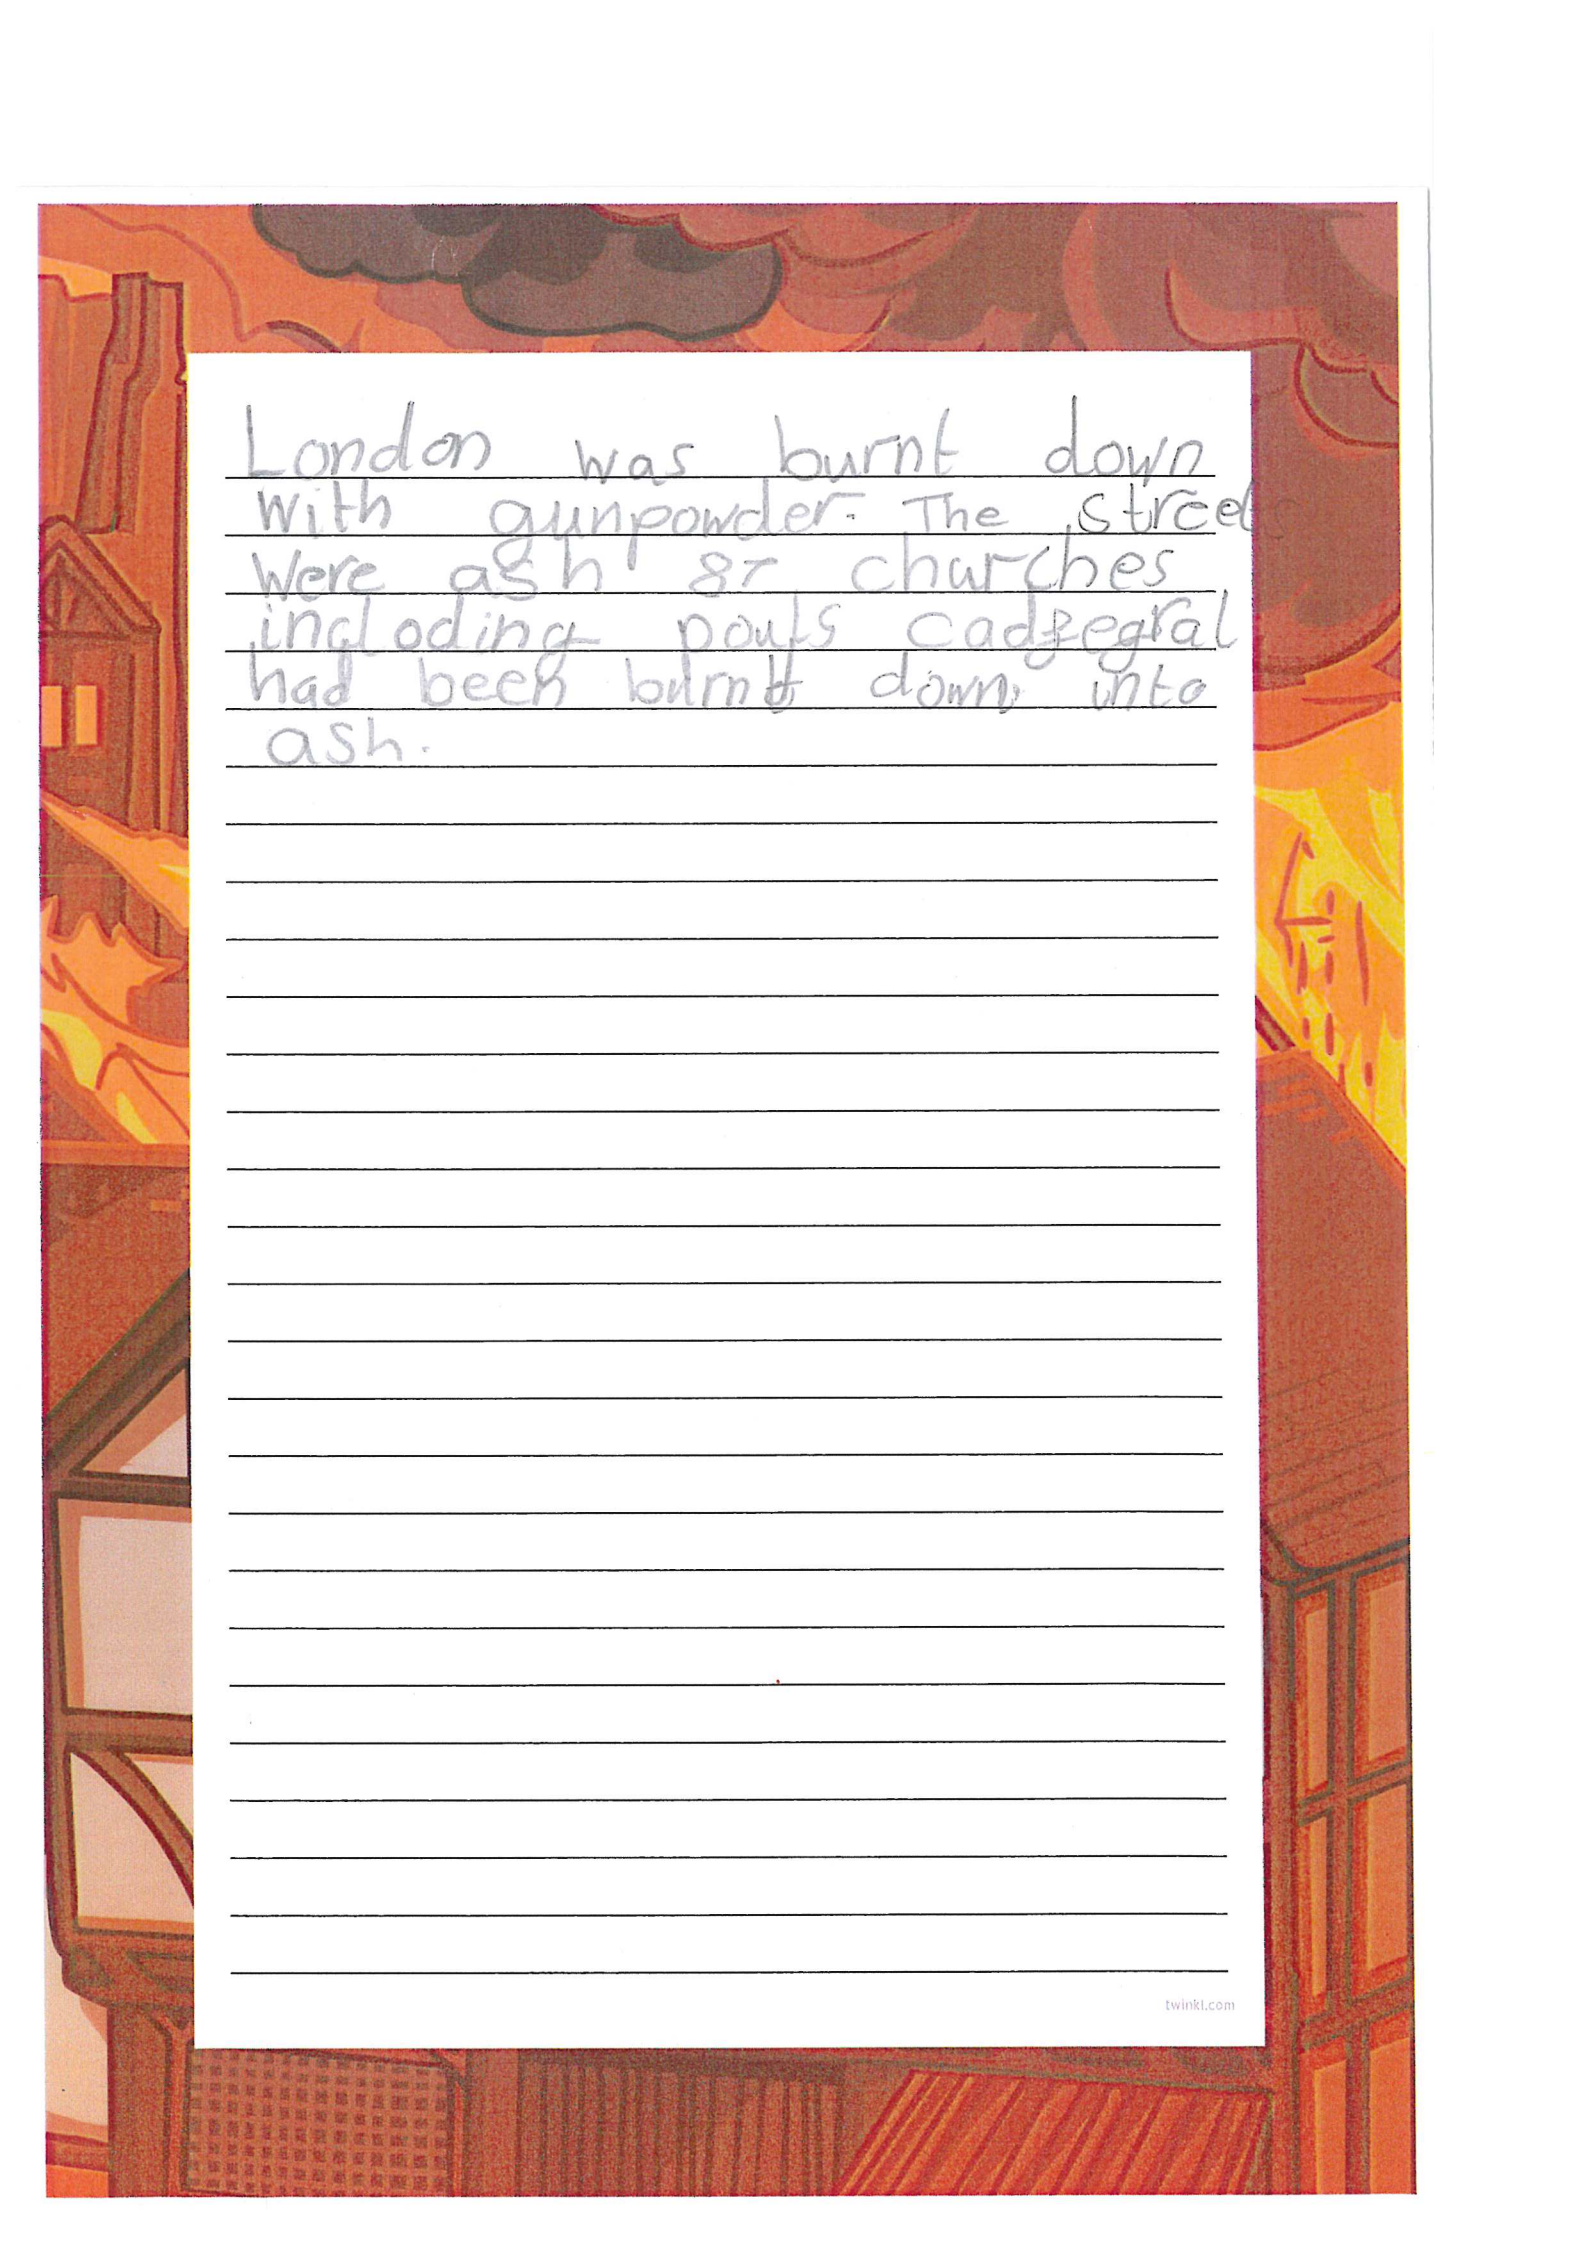

Wen Wednesday 5th September
The King ~~orderd~~ ordered
for the houses to be
~~burnt~~ blown down
by the gunpowder. So
the grate London tower
didn't get burnt down
The only way to
stop the fire was
to blow down all
the houses and
shops the shops.

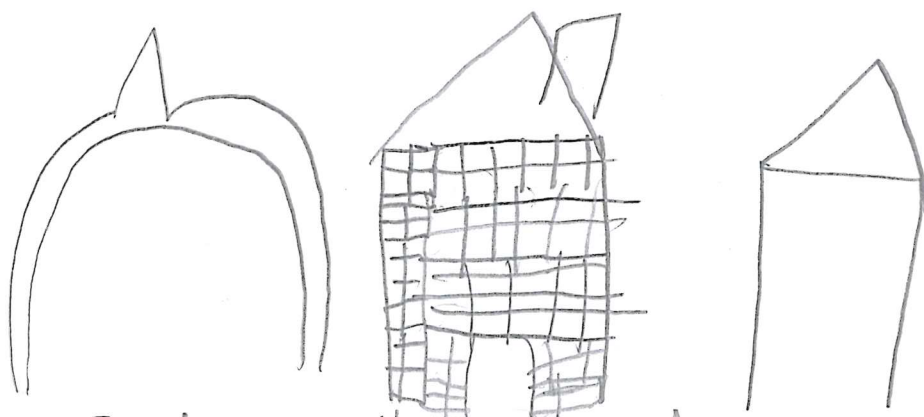

They demotished
the houses and
the shops.

~~That~~ Thursday 6th September
The houses were burnt
down but in ~~ladder~~
total 13,000 houses burnt
down. Then in a hour
100 houses were burnt
down. London was
unrecognisable after the
fire. All the houses were
burnt down into ash.
400 streets of houses
were burnt down into ash

London was burnt down
with gunpowder. The streets
were ash & churches
including Pauls Cathedral
had been burnt down into
ash.

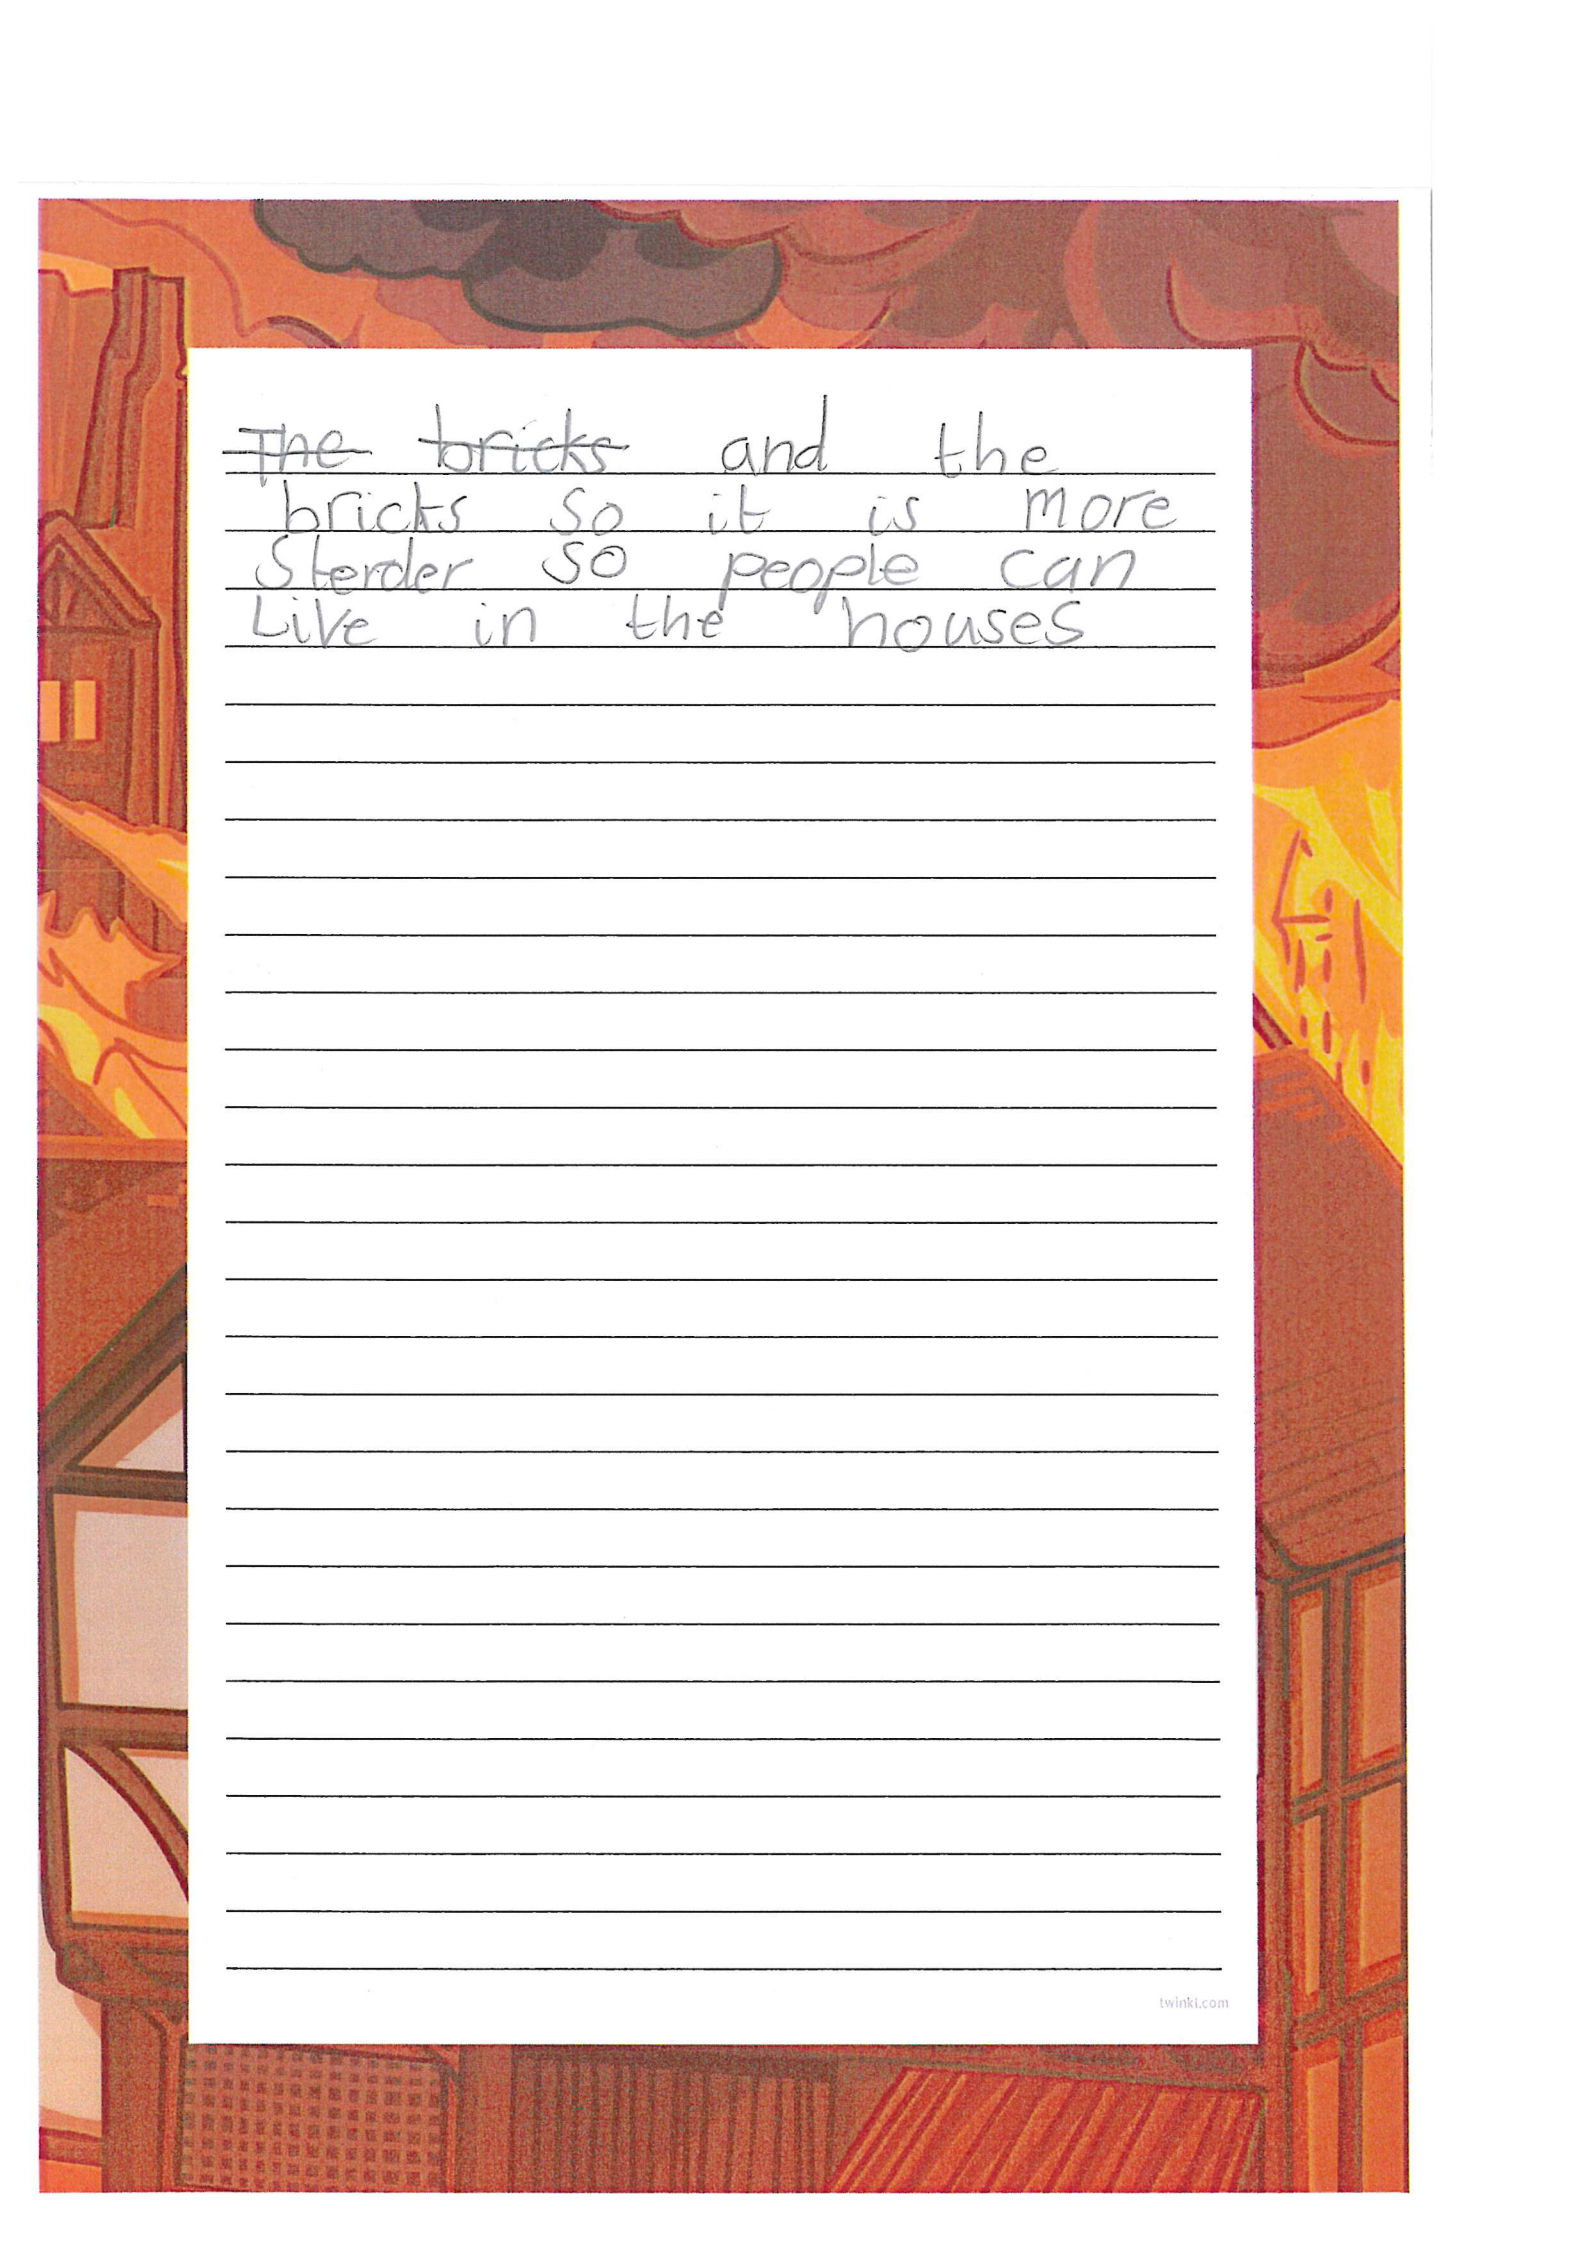

Friday 7th September

After the fire slowly
gose into ash. The people
were shore that it was no
more fire. The people went
back to London city. They
needed to rebuilt rebuilt
London with bricks houses
and briuk shops but
there was strickted
rolls about the

jetty's on the
houses. London
was rebuilt with
the ashes.

~~The~~ bricks and the
bricks so it is more
sturdy so people can
live in the houses
