Reminders

Nuts – We are a nut aware school, please ensure that no nuts or nut products are brought into school. We have several children who are severely allergic to nuts and/or nut products in our school, and it is very important we all adhere to the policy, in order to keep them safe. Our Nut Awareness policy can be found on our website.

If you have any questions then please do ask.

Masks – If your child is attending school at present, we would like to politely request you support our community by wearing a mask on site. It helps

everyone feel safer. Several concerned parents have approached me about this.

Contact Details – Please ensure the contact details we hold for you are correct. It is particularly important at the moment when we are communicating more via phone and email. Please also be aware we need to have contact with all of our families regularly. It is part of our safeguarding responsibilities and where we do have difficulties making contact, we will call to your home to ensure you are okay.

COVID – Please continue to report any suspected or positive cases to the office whether your child is in school or not please.

Thank you for your cooperation

Final note...

Thank you really doesn't seem to encompass what I would like to say at the moment but THANK YOU!!

This week has been fantastic in terms of engagement and work shared. I think everyone has really settled into a routine that works for them and feedback has been very positive. We will be sending a questionnaire out soon to capture your experiences but thank you to those who have already been in touch.

Your kind words mean a lot to the teachers and myself.

Take Care

Mrs Farrar
