

Reception Weekly Update

Tuesday 7th January – Friday 10th January

In Phonics we have been:

- Practising all of our Phase 2 phonemes, digraphs, tricky words and high frequency words we learnt last term. We have been consolidating sound-talking and blending to read and write words

In Guided Reading we have been:

- In Choughs we have been sharing the story 'The Paper Dolls' by Julia Donaldson. We have made our own paper dolls and have used them to tell the story in our small groups.
- In Puffins we have been using word puzzle pieces to create sentences and have been talking about sentence structure.

In Maths we have been:

- Finding out what we can do with 6 spots! We have been creating the story of 6 and showing our findings through mark making.

Next week in our morning challenge writing we will be talking and writing about our favourite books. Please can you send your child in next week with their favourite book in their book bag so we can share these together during story time. Thank you.

Please continue to enjoy our open classroom times at the end of each day and choose books to take home and share with your child.
