Mission, Vision, Values – Parents Voice

‘Setting Sails for New Horizons’

The ‘tagline’ above is our mission statement and one we are very proud of. How we are going to achieve that should be set out in our vision which will be underpinned by our values. With our renewed enthusiasm and a spring in our step we felt now would be a really good time to review and clarify our vision.

All stakeholders are invited to share their thoughts. We will have a display in school for parents, staff, governors and children to contribute to, before we bring those ideas together. The aim is to ensure these very important statements are truly reflective of who we are as a school and what we want to achieve for our children.

We do hope that as many of you as possible will contribute – it only has to be one word e.g. resilience. Please come in and interact with the display! If you are unable to come in person, please feel free to email your thoughts, or send them in with your child/ren.
