

The
Great Fire
of
London

1666 London
was hearing with
people the houses
are very close to
the other houses
that are the houses
it was over toward
they ~~most~~ used
and it sits to see.

Tom is a farmer. He has a
 back that he had it to
 live and stay warm
 in the winter. He went to
 get some straw and
 the farmer thought he
 had to do something
 because they had to
 stay warm.

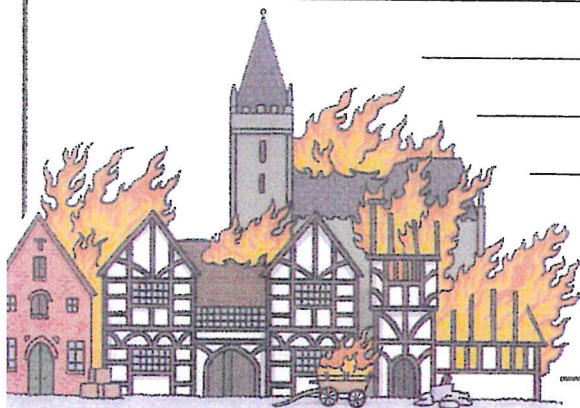

Sunday 2nd September
The fire was sleeping
in to the urur
housis and hat to
climb on to the
other hamsis and the
wind was getting bigger
and hotter so they
hat to go and fire
got of the hamsis and
go to the burning
unit. that to shawing
that there was a fire.

But the fire was
getting hotter,

Monday 3rd September the
flame was burning hot and
the fire fire was trying
there best with the
people were were running.
The fire was a fraud.

Tuesday if the people were trying to
the people were trying to
get to put it and and
trying with the busits
but the fire was getting
bigger and was they
stop.

Wednesday 5th September
 They wanted to pull that
 rich Harris down but
 they had to ~~bring~~ put
 them down but in
 set a gas gun powder
 for the bidding of a spare
 landed on a London
 roof and that for a spare
 left a big fire a ember.

A city in London got
 blown up and it was id
 for days and they had
 to be down the houses
 and 70,000 were building
 and the town was unrecognizable.
 The people were homes
 and were
