

London was a
very noisy. The narrow
streets.

Fire was terrible for
common people
We were poor, and die
We want to get it out of
the world

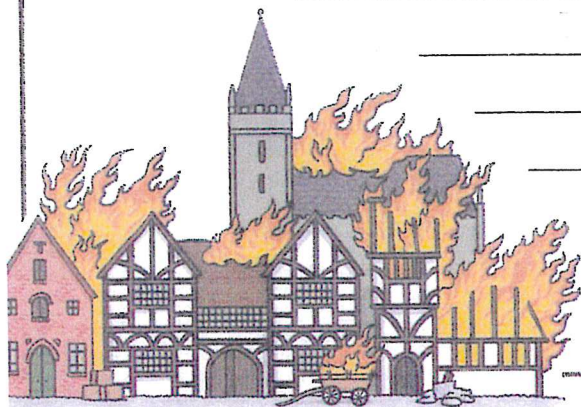

The people + the
factory workers
are very sad at the
evening camp - some
kind of something

monday was so hot
the people used their
homes, the

TV & school into
the school
the school
near to put it out

Wednesday 5th
 The
 place did not
 have a lot of
 down with some
 this is what
 so the order of the
 houses and shops
 to be done
 you can see
 the fire spread
 the fire spread
