

Pipits Weekly Update!

3.12.2018

- Last week we practised our fine motor skills (controlling our hands) by using spinning tops and threading small beads. These activities were tricky and took lots of concentration and resilience! This week we will be using polystyrene and golf tees to keep strengthening the muscles in our hands.
- We have been very busy making Christmas themed items. The children have also helped to make paper chains to decorate the nursery with.
- Rehearsals have started for our play and children are really getting to know the songs and actions! We hope you are looking forward to the show as much as we are!

Home

Please keep bringing in costumes for the Christmas play. Any questions about costumes, please just ask.

Have a lovely week!
